

IB Diploma Program Fees

For the class of 2020

Students and parents must understand that there is a financial commitment to the IB program. The IB program has fees comprised of a registration fee and subject fees that total (as of December 2017) \$886. These fees are subject to increase by International Baccalaureate. (Families who cannot afford this fee may fill out a fee waiver application). Weber High has set up a payment plan for the program (see below) to help lessen the burden of payment. Should a student decide to leave the IB Program at any time, any pre-paid test fees will be refunded but registration fees will not be refunded.

Fee	Cost	Total
IB Student Registration Fee	\$172	\$172
IB Subject Fees	\$119	\$714
